2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent, subject to the provision that the Paying Agent transfers such amounts for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions so that they may be credited. Payment to the accounts of the Clearing System or pursuant to the relevant custodian banks and then forwarded on to the Clearing System's instruction shall release the Issuer from its payment obligations under the Notes in the amount of such payment.
3. If any payment pursuant to these Terms and Conditions is to be made on a day that is not a Payment Business Day, payment shall be made on the next following Payment Business Day. In this case, the Noteholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
4. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to the provisions contained in § 10.

§ 7 ADJUSTMENTS

1. Upon the occurrence of an Adjustment Event or Extraordinary Event each of which has a material effect on the Share or the price of the Share, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect on the Notes of the Adjustment Event or the Extraordinary Event and to preserve, in essence, the economic profile that the Notes had prior to the occurrence of the Adjustment Event or Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Adjustment Event or Extraordinary Event has occurred and whether such Adjustment Event or Extraordinary Event has a material effect on the Share or the price of the Share.
2. An Adjustment may result in:
 - (a) the replacement of the Share by another share and/or cash and/or any other compensation, in each case as stipulated with reference to the relevant Adjustment Event or Extraordinary Event (a "**Replacement**"), and the determination of another stock exchange as the Exchange,

and/or

 - (b) increases or decreases of specified variables and values or the amounts payable under the Notes taking into account:
 - (i) the effect of an Adjustment Event or Extraordinary Event on the price of the Share;

- (ii) the diluting or concentrative effect of an Adjustment Event or Extraordinary Event on the theoretical value of the Share; or
 - (iii) any cash compensation or other compensation in connection with a Replacement;
- and/or
- (c) consequential amendments to the provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.
3. Adjustments should correspond to the adjustments to options or futures contracts relating to the Share made by the Futures Exchange (a "**Futures Exchange Adjustment**").
- (a) If the Futures Exchange Adjustment results in the replacement of the Share by a basket of shares, the Issuer shall be entitled to determine that only the share with the highest market capitalisation on the Cut-off Date shall be the (replacement) Share for the purpose of the Notes, and to hypothetically sell the remaining shares in the basket on the first Exchange Business Day following the Cut-off Date at the first available price and hypothetically reinvest the proceeds immediately afterwards in the (replacement) Share by making an appropriate adjustment to the specified variables and values or the amounts payable under the Notes. If the determination of the share with the highest market capitalisation would result in an economic inappropriate Adjustment, the Issuer shall be entitled to select any other share of the basket of shares to be the (replacement) Share in accordance with the foregoing sentence. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.
 - (b) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments in cases where:
 - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the had Notes prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Share; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.
 - (c) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Notes had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Share.
4. Any reference made to the Share in these Terms and Conditions shall, if the context so admits, then refer to the replacement share. All related definitions shall be deemed to be amended accordingly.
5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into

consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.

6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 15.
7. Any Adjustment in accordance with this § 7 does not preclude a subsequent termination in accordance with § 8 on the basis of the same event.

§ 8

EXTRAORDINARY TERMINATION RIGHTS OF THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Notes prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve, in essence, the economic profile that the Notes had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Notes prematurely; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.

The Issuer may also freely elect to terminate the Notes prematurely in the case of a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Company as a consequence of a conversion or otherwise; all as determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer.

2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Issuer may freely elect to terminate the Notes prematurely. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Hedging Disruption has occurred.

The Issuer may also freely elect to terminate the Notes prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose of the Underlying or (B) it will incur materially increased costs in performing the Issuer's obligation under the Notes (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Change in Law has occurred.

3. Any extraordinary termination of the Notes shall be notified by the Issuer in accordance with § 15 within fourteen Payment Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate a Payment Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than seven Payment Business Days following the publication of the Extraordinary Termination Notice.
4. If the Notes are called for redemption, they shall be redeemed at an amount per Note that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Issuer shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account prevailing market conditions and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 290 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Notes (the "**Hedging Transactions**").

5. The Issuer shall pay the Extraordinary Termination Amount to the Noteholders not later than on the tenth Payment Business Day following the Extraordinary Termination Date.

§ 9

FURTHER ISSUES OF NOTES; REPURCHASE OF NOTES

1. The Issuer reserves the right to issue from time to time without the consent of the Noteholders additional tranches of notes with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Notes. The term "Notes" shall, in the event of such consolidation, also comprise such additionally issued notes.
2. The Issuer may at any time purchase Notes in the market or otherwise. All present and future taxes, fees or other duties in connection with the Notes shall be borne and paid by the Noteholders. The Issuer is entitled to withhold from payments to be made under the Notes any taxes, fees and/or duties payable by the Noteholder in accordance with the previous sentence. Notes repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 10

TAXES

Payments in respect of the Notes shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

§ 11

2. The right to declare Notes due pursuant to paragraph 1 shall be exercised by a Noteholder by delivering or sending by registered mail to the Paying Agent a written notice which shall state the principal amount of the Notes called for redemption and shall enclose evidence of ownership reasonably satisfactory to the Paying Agent. Following such declaration the Notes shall be redeemed at the early redemption amount (the "**Early Redemption Amount**") which shall be calculated by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) as the fair market value of the Notes at the date as determined by the Issuer. Such date and the Early Redemption Amount shall be notified directly to the relevant Noteholder. The rights arising from the Notes will terminate upon the payment of the Early Redemption Amount.

§ 14
SUBSTITUTION OF THE ISSUER

1. Any other company may assume at any time during the lifetime of the Notes, subject to paragraph 2, without the Noteholders' consent all the obligations of the Issuer under these Terms and Conditions. Any such substitution and the effective date shall be notified by the Issuer in accordance with § 15.

Upon any such substitution, such substitute company (hereinafter called the "**New Issuer**") shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under these Terms and Conditions with the same effect as if the New Issuer had been named as the Issuer herein; the Issuer (and, in the case of a repeated application of this § 14, each previous New Issuer) shall be released from its obligations hereunder and from its liability as obligor under the Notes.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the New Issuer.

2. No such assumption shall be permitted unless
 - (a) the New Issuer has agreed to assume all obligations of the Issuer under the Notes pursuant to these Terms and Conditions;
 - (b) the New Issuer has agreed to indemnify and hold harmless each Noteholder against any tax, duty, assessment or governmental charge imposed on such Noteholder in respect of such substitution;
 - (c) the Issuer (in this capacity referred to as the "**Guarantor**") has unconditionally and irrevocably guaranteed to the Noteholders compliance by the New Issuer with all obligations under the Notes pursuant to these Terms and Conditions; and
 - (d) the New Issuer and the Guarantor have obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the Guarantor and/or the New Issuer are domiciled or the country under the laws of which they are organised.
3. Upon any substitution of the Issuer for a New Issuer, this § 14 shall apply again.

§ 15 NOTICES

Notices relating to the Notes shall be published on the website <https://fim.commerzbank.com> (or on another website notified at least six weeks in advance by the Issuer in accordance with this section) and become effective vis-à-vis the Noteholders through such publication unless the notice provides for a later effective date. If applicable law or regulations of the stock exchange on which the Notes are listed require a notification in another manner, notices shall also be given in the manner so required.

Other publications with regard to the Notes are published on the website of the Issuer www.commerzbank.com (or any successor website).

§ 16 LIMITATION OF LIABILITY; PRESENTATION PERIODS; PRESCRIPTION

1. The Issuer shall be held responsible for acting or failing to act in connection with the Notes only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent.
2. The period for presentation of the Notes (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Notes presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 17 FINAL CLAUSES

1. The Notes and the rights and duties of the Noteholders, the Issuer, the Paying Agent and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 paragraph 1 – 3 of the Terms and Conditions which shall be governed by the laws of the relevant jurisdiction of the Clearing System.
2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Noteholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such

ground for rescission (*Anfechtungsgrund*) and in accordance with § 15. Following such rescission by the Issuer, the Noteholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Notes to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Notes by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Notes delivered shall expire.

3. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Notes on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Noteholders together with the declaration of rescission in accordance with § 15. Any such offer shall be deemed to be accepted by a Noteholder (and the rescission shall not take effect), unless the Noteholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 15 by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Notes to the account of the Paying Agent with the Clearing System pursuant to paragraph 2. The Issuer shall refer to this effect in the notification.
4. "**Issue Price**" within the meaning of paragraph 2 and 3 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Noteholder (as declared and proved by evidence in the request for repayment by the relevant Noteholder) and (ii) the weighted average (as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) of the traded prices of the Notes on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2. If a Market Disruption Event exists on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2, the last Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
5. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Noteholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Noteholders. Notice of any such correction or amendment shall be given to the Noteholders in accordance with § 15.
6. If a Noteholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Notes, then, notwithstanding paragraphs 2 - 5, such Noteholder can be bound by the Issuer to the corrected Terms and Conditions.
7. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 2 - 5 above.
8. Place of performance is Frankfurt am Main.
9. Place of jurisdiction for all disputes and other proceedings in connection with the Notes for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.
10. The English version of these Terms and Conditions shall be binding. Any translation is for convenience only.

Section D – Risks

The purchase of Securities is associated with certain risks. The Issuer expressly points out that the description of the risks associated with an investment in the Securities describes only the major risks which were known to the Issuer at the date of the Base Prospectus.

Element	Description of Element	Disclosure requirement
D.2	Key risks specific to the issuer	The Securities entail an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that COMMERZBANK becomes temporarily or permanently unable to meet its obligations to pay interest and/or the redemption amount or any other payments to be made under the Securities.

Furthermore, COMMERZBANK is subject to various risks within its business activities. Such risks comprise in particular the following types of risks:

Global Financial Crisis and Sovereign Debt Crisis

The global financial crisis and sovereign debt crisis, particularly in the Eurozone, have had a significant material adverse effect on the Group's net assets, financial position and results of operations. There can be no assurance that the Group will not suffer further material adverse effects in the future as well, particularly in the event of a renewed escalation of the crisis. Any further escalation of the crisis within the European Monetary Union may have material adverse effects on the Group, which, under certain circumstances, may even threaten the Group's existence. The Group holds sovereign debt. Impairments and revaluations of such sovereign debt to lower fair values have had material adverse effects on the Group's net assets, financial position and results of operations in the past, and may have further adverse effects in the future.

Macroeconomic Environment

The Group's results, and the Group's heavy dependence on the economic environment, particularly in Germany, may result in further substantial negative effects in the event of any renewed economic downturn.

Counterparty Default Risk

The Group is exposed to default risk (credit risk), including in respect of large individual commitments, large loans and commitments, concentrated in individual sectors, referred to as "bulk" risk, as well as loans to debtors that may be particularly affected by the sovereign debt crisis. The run-down of the ship finance portfolio and the Commercial Real Estate finance portfolio is exposed to considerable risks in view of the current difficult market environment and the volatility of ship prices and real estate prices and the default risk (credit risk) affected thereby, as well as the risk of substantial changes in the value of ships held as collateral, ships directly owned, directly-owned real estate and real estate held as collateral. The Group has a substantial number of non-performing loans in its portfolio and defaults may not be sufficiently covered by collateral or by write-downs and provisions previously taken.

Market Risks

The Group is exposed to a large number of different market risks such as market price risks in relation to the valuation of equities and fund units as well as in the form of interest rate risks, credit spread risks, currency risks, volatility and correlation risks, commodity price risks.

Strategic Risks

There is a risk that the Group may not benefit from its strategy, or may be able to do so only in part or at higher costs than planned, and that the implementation of planned measures may not lead to the achievement of the desired strategic objectives.

Risks from the Competitive Environment

The markets in which the Group is active, particularly the German market (and, in particular, the private and corporate customer business and investment banking activities) and the Polish market, are characterized by intense competition on price and on transaction terms, which results in considerable pressure on margins.

Liquidity Risks

The Group is dependent on the regular supply of liquidity and a market-wide or company-specific liquidity shortage can have material adverse effects on the Group's net assets, financial position and results of operations.

Operational Risks

The Group is exposed to a large number of operational risks including the risk that employees will enter into excessive risks on behalf of the Group or will violate applicable rules, laws or regulations while conducting business activities and thereby cause considerable losses to appear suddenly, which may also lead indirectly to an increase in regulatory capital requirements. The Bank's operational systems are subject to an increasing risk of cyber attacks and other internet crime, which could result in losses of customer information, damage the Bank's reputation and lead to regulatory proceedings and financial losses.

Risks from Bank-Specific Regulation

Ever stricter regulatory capital and liquidity standards and procedural and reporting requirements may call into question the business model of a number of the Group's activities, adversely affect the Group's competitive position, reduce the Group's profitability, or make the raising of additional equity capital necessary. Other regulatory reforms proposed in the wake of the financial crisis, for example, charges such as the bank levy, a possible financial transaction tax, the separation of proprietary trading from deposit-taking business, or stricter disclosure and organizational obligations, may materially influence the Group's business model and competitive environment.

Legal Risks

Legal disputes may arise in connection with COMMERZBANK's

business activities, the outcomes of which are uncertain and which entail risks for the Group. The outcome of such proceedings as well as regulatory, supervisory and judicial proceedings may have material adverse effects on the Group that go beyond the claims asserted in each case.

D.6 Key information on the key risks that are specific to the securities

No secondary market immediately prior to final maturity

The market maker and/or the exchange will cease trading in the Securities shortly before their scheduled Maturity Date. However, between the last trading day and the relevant valuation date, the price of the Underlying(s) and/or the exchange rate, both of which may be relevant for the Securities may still change. This may be to the investor's disadvantage.

In addition, there is a risk that a barrier stipulated in the Terms and Conditions is reached, exceeded or breached in another way for the first time prior to termination after secondary trading has already ended.

Securities are unsecured obligations (Status)

The Securities constitute unconditional obligations of the Issuer. They are neither secured by the Deposit Protection Fund of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) nor by the German Deposit Guarantee and Investor Compensation Act (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). This means that the investor bears the risk that the Issuer can not or only partially fulfil the attainments due under the Securities. Under these circumstances, a total loss of the investor's capital might be possible.

The proposed financial transactions tax (FTT)

The European Commission has proposed a common financial transactions tax (FTT) to be implemented in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia. However, Estonia has since stated that it will not participate. The proposed financial transactions tax could apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. However, the financial transactions tax is still subject to negotiation between the participating EU Member States. Additional EU Member States may decide to participate. Furthermore, it is currently uncertain when the financial transactions tax will be enacted and when the tax will enter into force with regard to dealings with the Securities.

Risks in connection with the Act on the Recovery and Resolution of Institutions and Financial Groups, with the EU Regulation establishing a Single Resolution Mechanism, and with the proposal for a new EU regulation on the mandatory separation of certain banking activities

In the case that the Issuer becomes, or is deemed by the competent supervisory authority to have become, "non-viable" (as defined under the then applicable law) and unable to continue its regulated activities, the terms of the Securities may be varied (e.g. the variation of their maturity), and claims for payment of principal, interest or other amounts under the Securities may become subject

to a conversion into one or more instruments that constitute common equity tier 1 capital for the Issuer, such as ordinary shares, or a permanent reduction, including to zero, by intervention of the competent resolution authority ("**Regulatory Bail-in**").

Further, the EU Regulation establishing a Single Resolution Mechanism ("**SRM Regulation**") contains provisions relating to resolution planning, early intervention, resolution actions and resolution instruments. A centralised decision-making will be built around a Single Resolution Board. This framework should be able to ensure that, instead of national resolution authorities, there will be a single authority – i.e. the Single Resolution Board – which will take all relevant decisions for banks being part of the Banking Union.

The proposal for a mandatory separation of certain banking activities adopted by the European Commission on 29 January 2014 prohibits proprietary trading and provides for the mandatory separation of trading and investment banking activities. Should a mandatory separation be imposed, additional costs cannot be ruled out, in terms of higher funding costs, additional capital requirements and operational costs due to the separation, lack of diversification benefits.

U.S. Foreign Account Tax Compliance Act Withholding

The Issuer may be required to withhold tax at a rate of 30% on all, or a portion of, payments made in respect of (i) Securities issued or materially modified after the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register, (ii) Securities issued or materially modified after the date that is six months after the date on which obligations of their type are first treated as giving rise to dividend equivalents, or (iii) Securities treated as equity for U.S. federal tax purposes, whenever issued, pursuant to certain provisions commonly referred to as the "Foreign Account Tax Compliance Act".

U.S. Hiring Incentives to Restore Employment Act Withholding

The Issuer or any withholding agent may be required to withhold tax at a rate of up to 30% on U.S. "dividend equivalent amounts" that are paid or "deemed paid" under certain financial instruments issued after 31 December 2016, if certain conditions are met.

Impact of a downgrading of the credit rating

The value of the Securities could be affected by the ratings given to the Issuer by rating agencies. Any downgrading of the Issuer's rating by even one of these rating agencies could result in a reduction in the value of the Securities.

Extraordinary termination, early redemption and adjustment rights

The Issuer shall be entitled to perform adjustments with regard to the Terms and Conditions or to terminate and redeem the Securities prematurely if certain conditions are met. This may have a negative effect on the value of the Securities. If the Securities are terminated, the amount payable to the holders of the Securities in the event of the extraordinary termination of the Securities may be lower than the amount the holders of the Securities would have received without such termination.

Disruption event

The Issuer is entitled to determine disruption events (e.g. market disruption events) that might result in a postponement of a calculation and/or of any attainments under the Securities and that might affect the value of the Securities. In addition, in certain cases stipulated, the Issuer may estimate certain prices that are relevant with regard to attainments or the reaching of thresholds. These estimates may deviate from their actual value.

Substitution of the Issuer

If the conditions set out in the Terms and Conditions are met, the Issuer is entitled at any time, without the consent of the holders of the Securities, to appoint another company as the new Issuer with regard to all obligations arising out of or in connection with the Securities in its place. In that case, the holder of the Securities will generally also assume the insolvency risk with regard to the new Issuer.

Risk factors relating to the Underlying

The Securities depend on the value of the Underlying and the risk associated with this Underlying. The value of the Underlying depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control. The past performance of an Underlying should not be regarded as an indicator of its future performance during the term of the Securities.

Risk relating to an automatic early redemption

Under certain circumstances as set forth in the relevant Final Terms, the Securities may be redeemed early if certain conditions are met, which may adversely affect the economics of the Securities for the investor. The automatic early redemption of the Securities and the relevant Automatic Early Redemption Amount to be paid on the relevant Automatic Early Redemption Date depend on the performance of the Underlying(s). If the Securities have an FX Exposure, the Automatic Early Redemption Amount of the Securities may not only depend on the performance of the Underlying(s), but also on the development of the Conversion Rate.

Risk at maturity:

The redemption of the Securities on the Maturity Date depends on the performance of the Underlying(s). If the Securities have an FX exposure, the Redemption Amount of the Securities and any additional amount payable under the Securities may not only depend on the performance of the Underlying(s), but also on the performance of the Conversion Rate.

At maturity a Redemption Amount will only be paid in the case that the Basket Performance is greater than 0 (zero). If the Basket Performance is 0 (zero), there will be no Redemption Amount payable at all. **In such case, the investor will lose the total amount of the invested capital.**

Risks if the investor intends to sell or must sell the Securities during their term:

Market value risk:

The achievable sale price could be significantly lower than the purchase price paid by the investor.

The market value of the Securities mainly depends on the performance of the Underlying(s). In particular, the following factors may have an adverse effect on the market price of the Securities:

- Changes in the expected intensity of the fluctuation of the Underlying(s) (volatility)
- Remaining term of the Securities
- Interest rate development
- Development of the dividends of the Share(s)

Each of these factors could have an effect on its own or reinforce or cancel another.

Trading risk:

The Issuer is neither obliged to provide purchase and sale prices for the Securities on a continuous basis on (i) the exchanges on which the Securities may be listed or (ii) an over the counter (OTC) basis nor to buy back any Securities. Even if the Issuer generally provides purchase and sale prices, in the event of extraordinary market conditions or technical troubles, the sale or purchase of the Securities could be temporarily limited or impossible.

Arvopapereiden etuoikeusasema

Arvopapereihin liittyvät velvoitteet ovat liikkeeseenlaskijan suoria, ehdottomia ja vakuudettomia (*nicht dinglich besichert*) maksuvelvoitteita, ja jos soveltuvasta lainsäädännöstä ei muuta johdu, ovat etuoikeusasemaltaan vähintään samassa asemassa kuin liikkeeseenlaskijan kaikki muut vakuudettomat (*nicht dinglich besichert*) maksuvelvoitteet, joiden etuoikeusasema ei ole takasijainen.

Vastuun rajoitus

Osa D – Riskit

Arvopaperien ostamiseen liittyy tiettyjä riskejä. Liikkeeseenlaskija huomauttaa nimenomaisesti, että arvopapereihin tehtävään sijoitukseen liittyvien riskien kuvaus käsittää ainoastaan suurimmat riskit, jotka olivat liikkeeseenlaskijan tiedossa ohjelmaesitteen päiväyksenä.

Osa-tekijä	Osatekijän kuvaus	Julkistamisvaatimus
D.2	Liikkeeseenlaskijaan liittyvät keskeiset riskit	Arvopapereihin sisältyy liikkeeseenlaskijaan liittyvä riski, jota nimitetään myös velkojariskiksi tai sijoitusta suunnittelevien sijoittajien luottoriskiksi. Liikkeeseenlaskijariski on riski siitä, että COMMERZBANK tulee tilapäisesti tai pysyvästi kyvyttömäksi suorittamaan koron ja/tai lunastusmäärän maksamisvelvoitteitaan tai muita arvopapereista johtuvia maksuja.

Lisäksi COMMERZBANKiin kohdistuu useita sen liiketoimiin sisältyviä riskejä. Näitä ovat erityisesti seuraavat riskit:

Maailman talouskriisi ja valtionvelkakriisi

Maailman rahoitusmarkkinoiden kriisi ja erityisesti euroalueen valtionvelkakriisi ovat aiemmin aiheuttaneet huomattavaa haittaa konsernin nettovarallisuudelle, rahoitusasemalle ja liiketoiminnan tulokselle, ja voidaan olettaa, että tulevaisuudessa voi esiintyä myös uusia olennaisia konserniin kohdistuvia haittavaikutuksia, etenkin jos kriisi kärjistyy uudelleen. Kriisin kärjistyminen uudelleen Euroopan talous- ja rahaliiton alueella saattaa aiheuttaa olennaista haittaa, jonka seuraukset voivat uhata jopa konsernin olemassaoloa. Konserni omistaa valtionvelkakirjoja. Tällaisten valtionvelkakirjojen heikkenemisellä ja käyvän arvon alenemisella on ollut olennaisia haitallisia vaikutuksia konsernin nettovarallisuuteen, rahoitusasemaan ja liiketoiminnan tulokseen, ja tulevaisuudessa voi esiintyä uusia haittavaikutuksia.

Makrotaloussympäristö

Konsernin voimakas riippuvuus taloussympäristöstä etenkin Saksassa saattaa edelleen aiheuttaa lisää haittavaikutuksia, talouden kääntyessä uudelleen laskusuuntaan.

Vastapuolen luottohäiriöriski

Konserniin kohdistuu luottohäiriöriski (luottoriski), mukaan lukien suurten yksittäisten sitoumusten, suurten lainojen ja yksittäisille sektoreille keskittyvien sitoumusten (niin kutsuttu ”bulk” risk) osalta sekä sellaisille velkojille myönnettyjen lainojen osalta, joihin valtionvelkakriisi saattaa erityisesti vaikuttaa. Kaupallisen kiinteistörahoituksen ja alusrahoituksen salkkujen supistamiseen kohdistuu huomattavia riskejä, kun otetaan huomioon nykyinen vaikea markkinatilanne ja kiinteistö- ja alushintojen volatiliteetti ja näihin haitallisesti vaikuttava luottohäiriöriski (luottoriski) sekä riski vakuutena käytettyjen alusten, suoran omistettujen alusten, suoraan omistettujen kiinteistöjen sekä vakuutena käytettyjen kiinteistöjen merkittävästä arvomuutoksesta. Konsernin sijoituksiin kuuluu huomattava määrä järjestämättömiä lainoja, eikä vakuus välttämättä riitä korvaamaan luottohäiriöitä tai aiemmin toteutettuja arvonalennuksia ja varauksia.

Markkinariskit

Konserniin kohdistuu suuri määrä erinäisiä markkinariskejä, kuten markkinoiden kurssiriski liittyen osakkeiden ja sijoitusrahasto-osuuksien arvostukseen sekä korko-, korkoero-, valuutta-, volatiliteetti- ja korrelaatoriskin sekä hyödykehintariskin muodossa.

Strategiset riskit

On olemassa riski, että konserni ei välttämättä pysty hyödyntämään strategiaansa tai pystyy toteuttamaan sen vain osittain tai suunniteltua suuremmilla kuluilla. Lisäksi suunniteltujen toimenpiteiden toteuttaminen ei välttämättä johda toivottujen tavoitteiden saavuttamiseen.

Kilpailutilanteesta johtuvat riskit

Markkinoita, joilla konserni toimii, erityisesti Saksan markkinoita ja niillä ennen kaikkea liiketoimia yksityis- ja yritysasiakkaiden kanssa sekä investointipankkitoimintaa, sekä Puolan markkinoita, luonnehtii voimakas hintoihin ja ehtoihin liittyvä kilpailu, joka aiheuttaa huomattavaa marginaaleihin kohdistuvaa painetta.

Likviditeettiriskit

Konserni on riippuvainen likviditeetin jatkuvasta saatavuudesta, ja markkinoiden laajuinen tai yrityskohtainen likviditeettipula saattaa aiheuttaa olennaista haittaa konsernin nettovaraille, rahoitusasemalle ja liiketoiminnan tulokselle.

Liiketoimintariskit

Konserniin kohdistuu useita liiketoimintariskejä, mukaan luettuna riski siitä, että työntekijät aiheuttavat kohtuuttomia riskitilanteita konsernin puolesta ja/tai nimissä tai rikkovat soveltuvia sääntöjä, lakeja tai säädöksiä toteuttaessaan pankin liiketoimia ja aiheuttavat siten yllättäen esiintyvää huomattavaa vahinkoa, joka voi myös välillisesti johtaa säädännällisten pääomavaatimusten tiukentamiseen. Pankin liiketoiminnalliset järjestelmät ovat kasvavassa määrin riskialttiita kyberhyökkäyksille ja muulle nettirikollisuudelle, mikä saattaa johtaa asiakastiedon häviämiseen, pankin maineen vahingoittumiseen, joka puolestaan saattaa johtaa valvontatoimenpiteisiin ja taloudellisiin tappioihin.

Pankkikohtaisen sääntelyn riskit

Jatkuvasti tiukentuvat pääoman ja likviditeetin sääntelyyn liittyvät normit sekä menettely ja raportointivaatimukset saattavat tehdä useiden konsernin toimintojen liiketoimintamallin kyseenalaiseksi ja vaikuttaa haitallisesti konsernin kilpailuasemaan, alentaa konsernin tuottavuutta tai johtaa siihen, että konsernin on kerättävä lisää pääomaa. Muut talouskriisin vuoksi ehdotetut sääntelyuudistukset, esimerkiksi pankkiveron tai mahdollisen rahoitusmarkkinaveron kaltaiset maksut, omaan lukuun tehtävän kaupankäynnin erottaminen talletuspankkiliiketoiminnasta tai entistä tiukemmat tietojen julkistamiseen ja yrityksen organisaatioon liittyvät velvoitteet voivat vaikuttaa olennaisesti konsernin liiketoimintamalliin ja kilpailutilanteeseen.

Oikeudelliset riskit

COMMERZBANKin liiketoimista saattaa aiheutua oikeusjuttuja, joiden lopputulosta ei voida ennakoida ja joihin liittyy konserniin kohdistuvia riskejä. Tällaisten tuomioistuinkäsittelyjen, sääntely- ja valvontatoimien sekä oikeuskäsittelyiden lopputuloksista saattaa aiheutua konsernille olennaista haittaa, joka ei rajoitu kussakin tapauksessa vahvistettuihin korvausvaateisiin.

D.6 Arvopapereihin liittyvien keskeisten riskien avaintiedot

Ei jälkimarkkinoita juuri ennen lopullista erääntymistä

Markkinatakaaja ja/tai arvopaperipörssi lopettaa kaupankäynnin arvopapereilla hieman ennen niiden säännöllistä erääntymispäivää (Maturity Date). Viimeisen kaupankäyntipäivän ja kyseisen arvostuspäivän välisenä aikana yhden tai useamman kohde-etuuden hinta ja/tai vaihtokurssi, joista kumpikin saattaa olla merkityksellinen arvopaperien kannalta, saattaa kuitenkin vielä muuttua. Tästä voi aiheutua sijoittajalle haittaa.

Lisäksi on olemassa riski siitä, että arvopaperien ehtoissa määritetty raja-arvo saavutetaan, ylitetään tai muulla tavoin ohitetaan ensimmäistä kertaa ennen lopullista erääntymistä sen jälkeen, kun kaupankäynti jälkimarkkinoilla on jo päättynyt.

Arvopaperit ovat vakuudettomia velvoitteita (etuoikeusasema)

Arvopaperit ovat liikkeeseenlaskijan ehdottomia velvoitteita. Niillä ei ole Saksan pankkiyhdistyksen talletussuojarahaston (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) takausta, eikä Saksan talletussuojaa ja sijoittajille maksettavia korvauksia koskevaa lakia (*Einlagensicherungs- und Anlegerentschädigungsgesetz*) sovelleta niihin. Sijoittajalla on siten riski siitä, että liikkeeseenlaskija ei kykene suorittamaan arvopaperien perusteella määräytyviä velvoitteitaan tai kykenee siihen vain osittain. Tällaisessa tapauksessa sijoittaja saattaa menettää koko sijoittamansa pääoman.

Ehdotus transaktioveroksi

Euroopan komissio on antanut ehdotuksen yhteisestä rahoitustransaktioverosta (Financial Transactions Tax, FTT), joka otetaan käyttöön Belgiassa, Saksassa, Virossa, Kreikassa, Espanjassa, Ranskassa, Italiassa, Itävallassa, Portugalissa, Sloveniassa ja Slovakiassa. Viro on kuitenkin ilmoittanut, ettei se ota veroa käyttöön. Ehdotettua rahoitustransaktioveroa saatettaisiin soveltaa tiettyihin arvopapereilla tehtäviin kauppoihin (mukaan lukien jälkimarkkinatransaktiot) tietyissä tilanteissa. EU:n osallistuvat jäsenvaltiot käyvät kuitenkin vielä neuvotteluja rahoitustransaktioverosta. Myös muut EU:n jäsenvaltiot saattavat ottaa veron käyttöön. Toistaiseksi on vielä epävarmaa, milloin rahoitustransaktiovero tulee voimaan ja milloin veroa ryhdytään soveltamaan arvopapereilla tehtäviin kauppoihin.

Luottolaitosten ja rahoitusalan konsernien elvytystä ja kriisinratkaisua koskevaan lakiin, EU:n yhteistä pankkien kriisinratkaisumekanismeja koskevaan asetukseen ja EU:n tiettyjen pankkitoimintojen eriyttämistä koskevaan asetuseräluonnokseen liittyvät riskit

Jos liikkeeseenlaskija tulee tai toimivaltainen valvontaviranomainen katsoo sen tulleen "elinkelvottomaksi (non-viable)" (kulloinkin sovellettavan lainsäädännön määritelmän mukaan) ja kykenemättömäksi jatkamaan säänneltyä toimintaansa, sertifikaattien ehtoja (esimerkiksi niiden erääntymistä) voidaan muuttaa, ja toimivaltainen kriisinratkaisuviranomainen saattaa muuntaa sertifikaateista johtuvat nimellisarvon, koron tai muun määrän maksua koskevat vaateet yhdeksi tai useammaksi liikkeeseenlaskijan ydinpääomaan luokiteltavaksi instrumentiksi, kuten osakkeiksi, tai alentaa niiden arvoa pysyvästi jopa nolliin ("lakisääteinen alaskirjaus", Regulatory Bail-in).

EU:n asetuksessa yhteisestä pankkien kriisinratkaisumekanismista ("SRM-asetus") säädetään kriisinratkaisun suunnittelusta, aikaisesta puuttumisesta, toimista ja instrumenteista. Lisäksi yhteinen kriisinratkaisuelin (Single Resolution Board) tulisi vastaamaan keskitetystä päätöksenteosta. Tämän lainsäädäntökehityksen on tarkoitus varmistaa, että kansallisten kriisinratkaisuviranomaisten sijasta on vain yksi viranomainen (eli yhteinen kriisinratkaisuelin), joka tekee kaikki pankkiunioniin kuuluvia pankkeja koskevat asiaankuuluvat päätökset.

Euroopan komission 29.1.2014 antamassa ehdotuksessa tiettyjen pankkitoimintojen pakollisesta eriyttämisestä kielletään pankin omaksi voitoksi tapahtuva arvopaperikauppa (proprietary trading) ja määrätään arvopaperikauppaan ja sijoituspankkitoimintaan liittyvien toimien pakollisesta eriyttämisestä. Jos ehdotus pakollisesta eriyttämisestä tulee voimaan, siitä saattaa aiheutua lisäkuluja esimerkiksi rahoituskulujen, pääomavaatimusten ja toimintakulujen noustessa eriyttämisen vuoksi ja hajautusetujen poistuessa.

Yhdysvaltain FATCA-lain mukainen veronpidätys

Liikkeeseenlaskija saattaa olla velvollinen tekemään enintään 30 prosentin pidätyksen kaikista tai joistakin suoritetuista maksuista, joiden perusteena ovat (i) arvopaperit, jotka on laskettu liikkeeseen tai joita on olennaisesti muutettu päivänä, joka on kuusi kuukautta siitä päivästä, jolloin "foreign passthru payments" –maksuja koskevat lopulliset säädökset julkistetaan Yhdysvaltain hallituksen tiedotuslehdessä (Federal Register), (ii) arvopaperit, jotka on laskettu liikkeeseen tai joita on olennaisesti muutettu päivänä, joka on kuusi kuukautta siitä päivästä, jolloin vastaavan tyyppisten maksuvelvoitteiden perusteella katsotaan ensi kertaa syntyvän osinko-oikeuden kaltainen oikeuden tai (iii) liikkeeseenlaskupäivästä riippumatta arvopaperit, joita tiettyjen FATCA-laiksi (Foreign Account Tax Compliance Act) kutsuttujen säännösten mukaan kohdellaan oman pääoman ehtoisina instrumentteina.

Yhdysvaltain verolainsäädännön (U.S. Hiring Incentives to Restore Employment Act) mukainen veronpidätys

Liikkeeseenlaskija tai muu veronpidätyksen toteuttava asiamies saattaa joutua pidättämään enintään 30 prosentin suuruisen veron. Kyseinen vero pidätetään osinkoja vastaavista määristä ("dividend

equivalent amounts"), jotka maksetaan tai katsotaan maksetuiksi ("deemed paid") tiettyjen 31.12.2016 jälkeen liikkeeseenlaskettujen rahoitusinstrumenttien perusteella, jos tietyt ehdot täyttyvät.

Luottoluokituksen heikkenemisen vaikutus

Arvopaperien arvoon saattavat vaikuttaa luokituslaitosten liikkeeseenlaskijalle antamat luottoluokitukset. Yhdenkin tällaisen luokituslaitoksen toteuttama liikkeeseenlaskijan luottoluokituksen alentaminen saattaa vähentää arvopaperien arvoa.

Poikkeuksellinen eräännytyks, ennenaikainen lunastus ja oikeus tehdä muutoksia

Liikkeeseenlaskijalla on oikeus tehdä muutoksia arvopaperien ehtoihin tai eräännyttää ja lunastaa arvopaperit ennenaikaisesti tiettyjen ehtojen täytyessä. Tämä saattaa vaikuttaa negatiivisesti arvopaperien arvoon. Jos arvopaperit eräännytetään, arvopaperien haltijoille poikkeuksellisen eräännytyksen yhteydessä maksettava määrä saattaa olla pienempi kuin määrä, jonka arvopaperien haltijat olisivat saaneet, jos tällaista eräännyttämistä ei olisi tehty.

Häiriötapahtuma

Liikkeeseenlaskijalla on oikeus todeta tapahtuneeksi häiriötapahtuma (esimerkiksi markkinahäiriötapahtuma), joka saattaa viivästyttää laskentaa ja/tai arvopapereista aiheutuvien velvoitteiden suorittamista ja joka saattaa vaikuttaa arvopaperien arvoon. Lisäksi tietyissä säädettyissä tapauksissa liikkeeseenlaskija saattaa arvioida tiettyjä hintoja, jotka liittyvät velvoitteisiin tai kynnysarvojen saavuttamiseen. Nämä arviot saattavat poiketa vastaavista todellisista arvoista.

Liikkeeseenlaskijan korvaaminen toisella

Jos arvopaperien ehdoissa määrätty kriteerit täyttyvät, liikkeeseenlaskijalla on oikeus milloin tahansa ilman arvopaperien haltijoiden suostumusta nimittää toinen yhtiö tilalleen uudeksi liikkeeseenlaskijaksi kaikkien arvopapereista tai niiden yhteydessä aiheutuvien velvoitteiden osalta. Tällaisessa tapauksessa arvopaperien haltijaan kohdistuu yleisesti myös uuden liikkeeseenlaskijan maksukyvyttömyyden riski.

Kohde-etuuteen liittyvät riskitekijät

Arvopaperit ovat sidoksissa kohde-etuuden arvoon ja kohde-etuuteen liittyvään riskiin. Kohde-etuuden arvon muodostumisperusteina ovat useat tekijät, jotka saattavat olla yhteydessä toisiinsa. Niihin voi sisältyä liikkeeseenlaskijasta riippumattomia taloudellisia, rahoituksellisia ja poliittisia tapahtumia. Kohde-etuuden tai indeksin osatekijän aiempaa kehitystä ei pidä ymmärtää osoitukseksi sen tulevasta kehityksestä arvopaperien voimassaoloaikana.

Automaattiseen ennenaikaiseen lunastukseen liittyvä riski

Sovellettavissa lopullisissa ehdoissa ilmoitetuissa tilanteissa tiettyjen ehtojen täytyessä arvopaperit voidaan lunastaa ennenaikaisesti, mikä saattaa vaikuttaa arvopapereihin haitallisesti sijoittajan kannalta. Arvopaperien automaattinen ennenaikainen lunastus ja

kyseinen automaattisen enneaikaisen lunastuksen määrä (Automatic Early Redemption Amount), joka maksetaan asianmukaisena automaattisen enneaikaisen lunastuksen päivänä (Automatic Early Redemption Date), riippuu kohde-etuuskien kehityksestä. Jos arvopaperit ovat alttiina valuuttakurssien vaikutukselle (FX Exposure), niiden automaattisen enneaikaisen lunastuksen määrä saattaa riippua myös muuntokurssin (Conversion Rate) kehityksestä kohde-etuuskien kehityksen lisäksi.

Riski erääntymisen yhteydessä:

Arvopaperien erääntymispäivänä maksettava lunastusmäärä määräytyy tapauskohtaisesti yhden tai useamman kohde-etuuden kehityksen perusteella. Jos arvopapereihin liittyy valuuttasidonaisuus (FX Exposure), niiden lunastusmäärä (Redemption Amount) ei välttämättä määräydy ainoastaan tapauskohtaisesti yhden tai useamman kohde-etuuden kehityksen perusteella, vaan myös muuntokurssin (Conversion Rate) kehityksen perusteella.

Erääntymispäivänä maksetaan lunastusmäärä vain, jos korikehitys on suurempi kuin 0 (nolla). Jos korikehitys on 0 (nolla), lunastusmäärää ei makseta. **Tällöin sijoittaja menettää koko sijoittamansa pääoman.**

Riskit tilanteessa, jossa sijoittaja aikoo myydä tai joutuu myymään arvopaperit niiden voimassaoloaikana:

Markkina-arvoriski:

Arvopapereista saatava myyntihinta saattaa olla merkittävästi alhaisempi kuin sijoittajan maksama ostohinta.

Arvopaperien markkina-arvo riippuu pääosin yhden tai useamman kohde-etuuden kehityksestä. Erityisesti seuraavat tekijät saattavat vaikuttaa haitallisesti arvopaperien markkinahintaan:

- Muutokset kohde-etuuden/etuuskien hinnan vaihtelun (volatiliteetin) ennakoidussa voimakkuudessa
- Arvopaperien jäljellä oleva voimassaoloaika
- Korkotason kehitys
- Osakkeen/osakkeiden osinkokehitys

Jokainen näistä tekijöistä saattaa vaikuttaa itsenäisesti, vahvistaa toistensa vaikutuksia tai mitätöidä ne.

Kaupankäyntiriski:

Liikkeeseenlaskija ei ole velvollinen toimittamaan arvopaperien ostaja myyntihintoja keskeytyksestä (i) pörssille, joissa arvopaperit mahdollisesti on listattu, tai (ii) OTC-periaatteella, eikä se ole velvollinen ostamaan arvopapereita takaisin. Vaikka liikkeeseenlaskija yleensä toimittaisi ostaja ja myyntihinnat, arvopaperien myynnissä tai ostossa saattaa olla tilapäisiä rajoituksia tai se saattaa olla mahdotonta epätavallisen markkinatilanteen tai teknisten ongelmien aikana.
